Product Height: 6.75 in.
Product Length: 16.50 in.
Product Width: 13.00 in.
Shipping Weight: 5.95 lb.
Inside Length (in.): 14.875 in.
Inside Height (in.): 6.125 in.
Inside Width (in.): 10.625 in.

Certification: IP65
Composition material: Polypropylene w/ rubber seals

Adjustable pressure relief valve equalizes pressure for easy opening. Constructed from extremely durable polypropylene, this professional quality hard case takes a beating while protecting the contents from impact, moisture and microscopic dust. The built-in purge valve equalizes pressure so you can open the case after changing elevations.
